

ONE SURVIVOR

ONE

MISSION

THE BEGINNING:

At 13, Damian Buchman was diagnosed with bone cancer. After 34 surgeries and 29 knee replacements, he didn't just survive. He decided to change what was possible for others.

THE RESULT: —————→

Damian went on to play wheelchair basketball for the Wisconsin Thunder, adopt three boys, and found The Ability Center, creating community, opportunity, and belonging for people of all abilities.

His life's work ensures that play and fitness spaces truly work for everyone, because he knows firsthand what it means when they don't.

YOU CAN BE
THE ONE
TO GIVE A VOICE
TO ALL

Damian Buchman. Survivor. Father.
Founder and CEO, The Ability Center.
